

SensorEra

Monitor Slopes
With Confidence

SMART MINING

Self-Orienting 9C
Seismometers

Autonomous
Sensor Stations

Highwall and Bench Instability
Early Warning Alerts

SEISMICITYALERT ADVANTAGES

- ✓ Field-proven
- ✓ Low cost and fast to deploy
- ✓ Real-time transmission and results

Slim hole
deployment

Monitor the
micro-fracturing
phase of slope
failure

Combine
with RADAR
slope monitoring

Microseismic
monitoring
